

## Make a Family Time Capsule

1. Each family member fills out their own:  
Important Things About \_\_ (name) \_\_ in 2020

Feel free to add other questions or write anything else about your year!

2. Clean and dry a plastic bottle (from water, seltzer, etc.) and its lid.
3. Fold or roll up your papers so they fit inside the bottle. You could add other papers, drawings, or small objects to the bottle to help commemorate your year.
4. Decide when you want to open your Time Capsule and label it: 2020 \_\_ (name) \_\_ Family Time Capsule.  
Do not open until \_\_\_\_\_.
5. Close the bottle and put it in a safe place until it's time to open it!
